The **Canadian Mechanical Contracting Education Foundation (CMCEF)** proudly presents this exclusive seminar on **Project Construction Management and Construction Administration**.

#### What Will You Learn?

Topics will cover design/construction responsibilities and processes, workplace planning, project options for the management of construction, documents, pre-construction operations and estimating, labour relations, contractors(s) responsibility in commissioning, start-up and operations, risk, quality, changes, and extras, safety claims and disputes, constructability, value engineering.

#### Who is The Presenter?

**Dr. George Jergeas, P.Eng.**, is a Professor of Project Management (PM) at the University of Calgary. He was the Director of the Project Management Specialization from 2000-2004. Dr. Jergeas is a Civil Engineer with a MSc and PhD in Construction Management from Loughborough University, UK. Dr. Jergeas joined the University as a full-time academic coming from industry in 1994. During his employment with Revay and Associates, he investigated over 30 construction projects, both in Canada and the USA, experiencing cost overrun and delay. Dr. Jergeas' experience in industry and subsequent research has demonstrated a strong interest in improving the efficiency of projects. Dr. Jergeas' expertise includes team building and partnering, claims and disputes, alternative dispute resolution, contract administration and construction productivity and PM training and coaching. Dr. Jergeas is an active consultant in PM including training and guidance for projects in several international countries.
