RE: VP2010-002 CFB Base Fire Hall & Emergency Response Centre
Clarification sent in by Lockerbie & Hole

“Please clarify the following by addendum:

- 1) Please clarify whether the Heat Recovery Ventilators fall under the Sheet Metal or Mechanical Trades scope of work.*
- 2) Please clarify whether the Electric Heating Coils fall under the Sheet Metal or Mechanical Trades scope of work.*
- 3) Please clarify whether the Air Handling Units that only have an Electric Heating Coil fall under the Sheet Metal or Mechanical Trades scope of work.”*

In response to enquiries on the above project the Bid Depository Management Committee has decided that:

As per the “inclusions list” of equipment carried by the sheet metal trade , the three items above are to be carried by the sheet metal contractor.

If you have any questions about this decision please call the Depository office at 1-800-663-8473.
