## **Service Technicians / Class “A” Ticket**

All-Pro Services is a CSA certified mechanical, boiler and gas contractor, in Vancouver (BC) area, serving industrial, commercial, military, and government, commerce and academic institutions. From design, engineering and installation to service, inspection and maintenance, All-Pro sets high standards in quality and performance.

We have an immediate opening for a class “A” gas fitter. You will perform expert emergency repair, testing, limited engineering, preventative maintenance and start-up technical support across a wide range of mechanical building systems from simple to moderately complex in nature. You may serve as a prime technical contact at a specific customer site. This is your chance to obtain a stable, full-time position in a work environment that fosters safety.

The successful candidate must have extensive experience in the boiler industry

### **Job Duties:**

- Responds to any type of emergency service calls as directed to keep system downtime to a minimum
- Analyzes, trouble-shoots, repairs, and restores equipment & systems to full operation and recommends revisions/replacements when necessary for effectiveness
- Replaces components as necessary. Goal would be efficient and expeditious resolution of emergencies and repairs
- Provides technical assistance to sales representatives conducting surveys, providing estimating assistance, provides sales leads to the sales group where such opportunities are identified during the course of service work
- Instructs and/or trains customer or customer representatives on mechanical systems operating procedures
