Gas Fitters / Steamfitters / Pipefitters / Plumbers

All-Pro Services is a CSA certified mechanical, boiler and gas contractor, in Vancouver (BC) area, serving industrial, commercial, military, and government, commerce and academic institutions. From design, engineering and installation to service, inspection and maintenance, All-Pro sets high standards in quality and performance.

We have an immediate opening for any one of following ticketed tradesperson above who has experience in commercial boiler installations. You will perform installation services for new boilers (mostly commercial) across a wide range of mechanical building systems from simple to moderately complex in nature. You may serve as a prime technical contact at a specific customer site. This is your chance to obtain a stable, full-time position in a work environment that fosters safety.

Job Duties:

Retrofit of boiler rooms, piping projects (above ground & below ground) & steam works within the commercial, industrial, institutional and multi-family residential sector

Must be able to read and work with prints efficiently – be able to make material lists and keep all materials in neat and organized fashion on site for each project

Presents the highest level of professional image both in personal and vehicle appearance and performs work assignments in a safe manner and within specified cost limits

Reports current material/inventory in a responsible manner, and recommends inventory requirements

Maintains company propriety and documentation in accordance with established policies; handles proprietary information in the prescribed manner; adheres to and supports all safety requirements

Keeps abreast of changes and new development in products and technology. Attends and completes training certification programs as requested. Maintains current licensures
