

## **Mechanical Superintendent – Surrey**

Hays Mechanical Construction team are recruiting for a Superintendent in Surrey.

### **Your new Company**

The business has over 25 years of experience in the British Columbia market as a leading mechanical contractor. Due to continued growth and progression planning, they are hiring a Superintendent to join their team. The projects are high rise concrete, commercial and industrial, large projects.

### **Your new Role**

As the Superintendent you will be in charge of ensuring your crews be collaborating to complete the project on time and within budget. You will work closely in the field with the Foreman and teams and in the office to communicate internally and with all other business partners.

### **What you'll need to Succeed**

You will need a strong and extensive background with proven success running high rise concrete projects throughout your career, and be a proven leader. You will bring a minimum of 10 years of experience in the Mechanical construction industry, locally. You will have your Red Seal certificate, and further education is highly valued. You will be a strong communicator, with a passion for the industry and thrive in a team environment.

### **What you'll get in Return**

As the Superintendent, you will be awarded a competitive compensation package, comprised of base pay, potential for bonus based on both company and individual performance, participation in the company benefits program and vacation packages. Most importantly you will be joining a very reputable business with extensive experience, who are continuing to grow, which means endless development for your career. The company also compensates for further education, which benefits the business.

### **What you need to do Now**

If you are interested in the Superintendent opportunity, apply now, and Taylor Housdon, your Mechanical consultant will be in touch rapidly to discuss next steps in the interview process.
